SUPPLEMENTARY INFORMATION:

Scope Rulings Made July 1, 2020 through September 30, 2020:

longitudinally-profiled ‘LP’ plates) produced, but not yet exported to the United States, and identified by the 3-letter prefixes in the 14-digit product codes FPD (differenced thickness plate), FPS (step plate), and FPT (tapered plate), are outside the scope of the antidumping duty (AD) and countervailing duty (CVD) orders, August 4, 2020.

People’s Republic of China (China)

A-570-822: Certain Helical Spring Lock Washers from China

Requestor: MacLean Power, L.L.C. (MPS). Helical spring lock washers incorporated in MPS’s pole line hardware are outside the scope of the order because pole line hardware imported by MPS are distinct assembled products for use in the attachment of cables and wires onto utility poles. March 19, 2019. This is a revision, based on litigation, to our previous scope ruling.³

A-570-967 and C-570-968: Aluminum Extrusions from China

Requestor: Schletter Inc. Eight models of grounding clamps, designed for securing solar panels to solar panel racking systems, are covered by the scope of the AD and CVD orders on aluminum extrusions from China because they consist of aluminum extrusion components that are attached to form subassemblies, and they lack the necessary components that would allow them to function as a finished solar panel mounting system; August 10, 2020.

Anti-Circumvention Determinations Made July 1, 2020, through September 30, 2020:

A-570-026 and C-570-027: Certain Corrosion-Resistant Steel Products (CORE) from China

Self-initiated: CORE completed in Costa Rica and the UAE from hot-rolled steel or cold-rolled steel substrate manufactured in China, and subsequently exported to the United States is circumventing the AD and CVD orders on CORE from China. CORE produced in Guatemala is not circumventing the orders; July 6, 2020.

A-570-028: Hydrofluorocarbon Blends from f China

Commerce determined not to include hydrofluorocarbon (HFC) components from China (R-32, R-125, R-143a) imported into the United States for further processing into HFC blends within the scope of the AD order on HFC blends from China; August 13, 2020.
